What is the School Holiday Camp?

Our School Holiday Camps are structured programs for teens based on the Expanded Core Curriculum, a framework that supports independence and life skills.

Each camp combines guided activities with hands-on learning in a supportive setting. Participants are encouraged to try new things, grow independence, and walk away feeling capable and proud.

What your child will gain:

- Greater confidence and self-belief.
- Increased independence in everyday situations.
- New friendships and social connection.
- Practical skills they can use straight away.
- A positive, encouraging environment to grow.

What happens at camp?

No two camps are exactly the same, but each one is designed to be engaging, supportive, and skill-focused without feeling like “school”.

Activities may include:

- Group games and teamwork challenges.
- Confidence-building activities.
- Practical life skill sessions.
- Supported independence activities.
- Social connection + fun experiences.

Camp is a really fun and engaging way for kids to work on skills within the expanded core curriculum.

- Jess, Guide Dogs QLD Orientation & Mobility Specialist

What's included:

- ✓ Experienced staff and supervision.
- ✓ All activities and resources provided.
- ✓ A supportive, inclusive environment.
- ✓ Adjustments available to support individual needs.

Who is it for?

School Holiday Camps are suitable for teens who would benefit from confidence building, independence development, and social connection.

If you're unsure if this camp is right for your child, please contact us, we'd love to chat.
